Since
1993

- ✓ UCMAS is brain activation and brain development program using ABACUS(算盘) for children aged 4-12.
- ✓ In every UCMAS class, children mental abilities are trained and challenged using practical techniques of ABACUS, developed over thousands of years and supported with latest research.
- ✓ UCMAS trained children continuously achieve very high results both in academic & extra-curricular activities.
- ✓ UCMAS trained children acquire LIFE LONG SKILLS - very sharp memory, very high concentration, highly developed creativity, innovative problem solving and analytical thinking.
- ✓ These CORE SKILLS inspire greater confidence and higher success in all subject areas and in life.

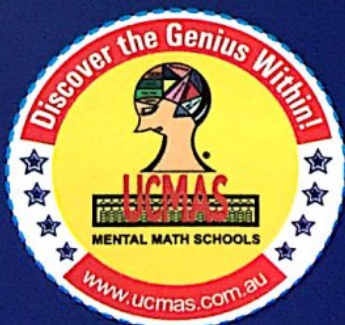

"Sure route to success in academics and beyond!"
